

HUDSON

Ideal Mix of Space & Style

The ideal solution for smaller backyards, the Summertime Pools Hudson range packs a lot of performance into a compact design.

Perfect for alfresco living by the pool, the Hudson blends the ideal mix of space and style. Available in a 4m rectangular design, the steps and seating are integrated at one end, leaving ample space for a dip and splash in the body of the pool.

The Hudson model is trimmed with a child safe ledge, making it the ideal pool for the growing family.
